

Time	Title	Authors
9.30	<i>Welcome</i>	Bertamini, M. & Bernardis, P.
9.50	<i>Multitasking Effects on Perception and Memory in Elderly Adults</i>	Contemori, G., Saccani, M. & Bonato, M.
10.10	<i>Symmetry Perception from Spatiotemporal Integration, an EEG Study</i>	Bertamini, M., Makin, A.D.J. & Rampone, G.
10.30	<i>The Uznadze Illusion Reveals a Two-Pronged Dissociation Between Perception and Action</i>	Uccelli, S. & Bruno, N.
10.50	<i>The Efficient Coding of Visual Textures in Rats, Chicks and Human Infants</i>	Gervain, J., Nallet, C., Vallortigara, G., Zanon, M., Lemaire, B., Caramellino, R., Piasini, E., Buccellato, A., Carboncino, A., Balasubramanian, V., Zoccolan, D.
11.10	Coffee break (Sala delle colonne)	
11.30	<i>The Effect of an Awareness Through Movement Program (Feldenkrais method) on Action Observation, Imagery and Execution</i>	Crivelli, D., Balena, A., Di Ruocco, M. & Balconi, M.
11.50	<i>Perceptual Biases Reveal the Role of Multisensory Interactions in Vestibular Perception</i>	Cuturi, L.
12.10	<i>A Perceptual Mechanism to Discriminate Prime Numbers in the Baby Chick (Gallus gallus)</i>	Loconsole, M. & Regolin, L.
12.30	<i>Numerosity Illusion in Bumblebees</i>	Gatto, E., Guan, C., Agrillo, C., Cutini, S., Chittka, L., Petrazzini, E.M.P
12.50	<i>Alpha and Beta Rhythms Subserve Spatio-Temporal Integration in Perception</i>	Ronconi, L.,
13.10	Lunch (Sala delle colonne)	
14.30	<i>New Insights into Symmetry Perception from a Large Public EEG Database.</i>	Makin, A.,
14.50	<i>Mechanisms Underlying Real Motion Processing and Form-Motion Integration Assessed with Perceptual Learning</i>	Donato, R., Cavallin, G., Pavan, A., Betteto, L., Nucci, M., Ballan, L., Campana, G.
15.10	<i>Weber in Perception and Action: A New Interpretation</i>	Bruno, N.
15.30	<i>Boosting Frontoparietal Alpha-Synchronization Facilitates the Suppression of Irrelevant Information in a Working Memory Task</i>	Romei, V.
15.50	<i>Different Impacts of Focus of Attention on Visual and Auditory Processing</i>	Vicentin, S., Cona, G., Arcara, G., & Bisiacchi, P.
16.10	Break, end of the Symposium	
16.30	<i>Welcome to the Twenty-Ninth Kanizsa Lecture</i>	Gerbino, W. & Bertamini, M.
16.40	<i>The Irreducibility of Vision: Gestalt, Crowding and the Fundamentals of Vision</i>	Herzog, M
18.00	Aperitivo
